

NEWMHAM COTTAGE.

QUEEN'S ROAD,

CAMBRIDGE.

Sept 5. 1932.

My dear colleagues.

I have to thank
you for your kind
telegram of congratulation
on my birthday on
behalf of the
Physikalische Gesellschaft.
It is pleasant to
me to know that
I have the goodwill
of my colleagues.

'Jullian' Physics makes
good progress in my
Laboratory - I am
myself interested
in finding order
in the α and γ
rays from radioactive
substances. With many
thanks for the good
wishes I remain - your
Sincerely
Rutherford
